Stolen Construction equipment. Wacker Neuson, color yellow.		

**NARRATIVE:**

On July 5, 2017, Omega Construction reported a large piece of construction equipment stolen from a construction site located at 373 North Avenue, in the City of Burlington, VT. The theft occurred over the July 4<sup>th</sup> holiday weekend. Omega Construction reports the piece of equipment to be valued at \$8,000.00. On July 24, 2017, surveillance footage was received and shows the two individuals stealing the piece of equipment. The piece of equipment stolen is described as a Wacker Neuson, color yellow, machine # 10368607, model # 0610403, and has Omega engraved # OM14108. The equipment weighs approximately 600 lbs.

On the night of the theft, two males arrive in the parking lot of the construction site where the equipment was located. The male operator of the pickup truck, exits the truck, and enters a "skid loader" motorized equipment to load the 600 lbs piece of equipment into the back of the pickup truck bed.

Below is a picture of the equipment that was stolen.
